ROBY PEOPLE'S PLEA.

Secretary of State Receives a Letter from Mr. Champaign.

Yesterday Captain Myers, Secretary of State, received a letter from Morris Champaign, one of the men who was here recently to file articles of incorporation for the Roby Athletic Club. The letter was of some length and set forth certain pleadings to the effect that no more than \$1,200 capital stock would be needed in the association they proposed; that they had not leased or bought any of the buildings or other property belonging to the Columbian Athletic Club, and that no more money ting them to file. This, in the opinion of Mr. Myers, was nothing more or less than an effort to get in black and white a statement of the grounds taken by him in refusing to let them file. Captain Myers took the letter to his room for silent cogitation. He says he is in no hurry about answering it, but, out of official courtesy,

New parlor goods at Wm. L. Elder's.

will inform Mr. Champaign at an early

cate on the matter.

West Indianapolis Wants to Be a Part of the Big City.

Board of Safety and the Big Four Sidewalk-Meeting of the Boards-Ordinance Committee.

The annexation fever is rapidly spreading and the good city of Indianapolis has only to assume the spirit of the famous Mr. Barkis to find herself largely increased in population and enhanced in value, as cities are valued by their tax duplicates. Mayor Denny was somewhat surprised yesterday shortly after noon to see a committee from West Indianapolis file in his room with a want-to-be-annexed smile on the face of each member. Town Clerk John C. Finch, Town Treasurer David Johnson, John Porieor and others were on this committee. They informed the Mayor that the people of West Indianapolis, if the sentiment was canvassed, would be in favor of annexation, one member asserting that fully 75 per cent. of the residents wanted to be Indianapolitans. The Mayor was shown that the tax duplicates of the city would be largely increased by this annexation. The town is the largest incorporated town in the State, having a population of 5,000 by the last census. The streets are in fairly good condition and the town has a small fire department. It is urged that it is compactly built for a suburb and that therefore it would not be a great expense to the city that takes it into the fold. What West Indianapolis wants more than anything else from a city is police protection. It has a mail service somewhat patterned on that of Indianapolis, collection and delivery being made by carriers from the In-

dianapolis office.

Next spring an election is to be held by the town and the committee wanted to were, before holding this election. Under the charter, as stated last week when late. Haughville people asked to be annexed, the city is an autocrat in the matter of taking in suburbs. The town has only nineteen saloons, two having died a natural death recently. The others are said to be making less money than a saloon usually makes. On the committee were both Democrats and Republicans, and the Mayor was informed that the annexation movement was not a plan or scheme of either party. The Mayor told the committee that the process of annexation was necessarily a slow one and that it would take some time for the Council of Indianapolis to investigate and see if the big city wanted the little one on the other side of the river. An examination must be made to determine the exact indebtedness of the town and to find how much property she could put on the tax duplicates of the city. The Mayor told the committee that the sentiment of annexation was becoming somewhat general in the suburbs which are really a part of the city proper, and that the Council would probably give considerable attention to the matter when it was properly brought to its notice. He thought Woodruff Place should be annexed to the city, and he under-stood that the people of North Indianapolis were about to knock. A petition is now be-ing circulated in Haughville in line with the verbal petition to the Mayor last week. In reference to Woodruff it is claimed that the County Commissioners did not give Woodruff half the increase in taxation last year that it gave to Mount Jackson, although the latter suburb is a very small place and does not show the improvement that is going on at Woodruff. The increase in the taxation at Woodruff showed only 26 per cent. while that in other parts of the county varied from 30 per cent. to 60. It is claimed that the property owners at Woodruff have been shown unusual favors.
The West Indianapolis folks will soon begin the circulation of a petition for an-

FANNING IS REMOVED.

nexation and the Common Council will probably hear from them before Christmus.

George W. Holderman Succeeds Him as Fire Alarm Superintendent. The Board of Safety yesterday morning removed Patrick J. Fanning as superintendent of fire alarm telegraph and appointed George W. Holderman in his stead. Fanning was appointed a line man, the change to take effect at once.

A committee from the Indiana Humane Society appeared before the board in answer to the board's request that the so-ciety show why it wanted Inspector Orlopp removed. After discussing the relations of the society to the Board of Safety, the board decided to ask the city attorney to give an opinion defining the relations between the society and the board, and whether it was incumbent upon the humane officer to make regular reports to the Hu-The resignation of Newton Jackson, of the police force, and Sam Null, of the fire department, were both accepted. Chief Webster reported that a number of fire cis-

terns needed repairing, and that some needed connection with water mains. This matter was referred to the Board of Works. The Chief will investigate the necessity of a fire cistern on Floyd street, between Parker and Pawpaw. The superintendent of police stated that a stove was needed in the wagon room of the police station, and he was instructed to make a contract for the heating of the room. Special police powers were granted new park policemen and City Hall janitors. Patrolman Elmer Clinger was fined eight-een days' pay for being drunk while on

CITY EMPLOYES ORGANIZE.

They Will Give 2 Per Cent. of Their Salaries to the Unemployed.

The clerks and employes of the city organized an association in the Board of Safety office yesterday afternoon to give aid to the employed. City Clerk Lee Nixon was chosen president, Richard Herrick secretary and Harry Dean treasurer. A committee, consisting of Bart Parker, Col. Wm. Holloway and George Harvey, were appointed to solicit contributions from all the subordinates in the different departments. It was decided to ask all employes to give 2 per cent. each month of their salary during the winter. The first collection will be made next month. It was decided to turn over all moneys collected to the Mayor, and for him to apply them in the manner he thought best.

WILL RECOVER THE WALK.

Board of Safety Promptly Takes Issue with the Big Four. The Board of Safety has taken the initial step towards recovering the public sidewalk which the Sullivan administration gave to the Big Four railroad for favors received. At the meeting of the board yesterday the board's attention was called to the fact that there was no curbstone on the east side of Delaware street, from South street to the Union tracks. The construction of the Big Four freight depot in its present form, which has forced the illegal use of the sidewalk, was commented upon by the board members. The board held that this sidewalk is a public one and it sent a request to the Board of Works asking that body to take immediate steps to recover the use of this sidewalk for the exclusive benefit of the public

The superintendent of police was in-structed to notify the officials of the Big Four of the board's action and also that driving over the sidewalk is a violation of the law and will not be tolerated.

ORDERED NEW HOSE.

The Fire Department Will Have 6,000

Feet of It Shortly. Chief Webster, of the fire department, talked hose to the Board of Safety yesterday afternoon, and at the conclusion of his remarks the board decided to order 6,300 feet of new hose, bids to be received within a week. The failure of the hose at the Burford fire, several nights ago, caused the board to take this prompt action. Mr. Webster showed that the department now than the amount set forth would be needed. | had on hand about 9,000 feet of hose, very Mr. Champaign urged the Secretary of little of which was in good condition. That State to detail his reasons for not permit- | which gave way at Burford's burst from | the east gutters. Upon his recommendathe water pressure. The 9's and 6's have fairly good hose, but the other houses in the city badly need a new supply. His plan was to give each company, except these two, a new line of 700 feet, and use the old hose for reserve. Only good hose will stand the pressure in the central part of eighteen inches in diameter. The matter the city, for when an engine is being used in the down-town districts the pressure on each inch of hose is 180 pounds. He did not think it advisable to buy any more of the American Jacket, the Callahan, the Fancy head rice, new crop, at Van Pelt's. | Red Dot or the Sterling hose, as these | chanics' Planing-mill Company, of Evans- | 34 and 35, Journal Building

TAILORING STOCK THE SUBURB'S KNOCK brands have not given satisfaction in the Indianapolis department. The Eureka hose Indianapolis department. The Eureka hose had stood the best test. Some of this brand had been bought over six years ago, and it is even now in a fairly good condition. Cincinnati's fire chief bought a good deal of the Callahan hose, but at the next election the insurance men seemed to have a

> The appropriation for new hose for the present year amounts to \$5,000, and the board decided to order hose to the extent of this appropriation at once. The board will let every fire bid, but it will not give contracts to any company whose hose has proven a failure in the local department. Mr. Webster thought the board should take the precaution to protect the city in the matter of a guarantee. He suggested that the successful bidder be compelled to agree to leave an extra supply of hose to make the company's guarantee good. He thought a firm with a good brand of hose would be willing to leave a guarantee in the shape of 150 extra feet of hose for every thousand feet it sold the city. If this was done the city could draw on the guarantee supply when any hose burst. The city had had trouble heretofore in getting any satisfaction out of the guarantors of hose. Frequently the guarantors would claim that the hose was broken by the driving of ve-hicles over it, and not by the usual wear and tear of water pressure. The Unique Hose Company offered to furnish the city a section of its hose for a test free of charge, and the board decided to accept this offer.

THE ORDINANCE COMMITTEE. Mr. McCullough Does Not Think Its

Bill Will Reach \$5,000. The committee that was intrusted with the revision and compilation of the city ordinances has not yet made a report and there is some curiosity as to the bill the committee is to present for its services for work on the ordinances. The committee was appointed over two years ago and was reappointed a year later. It consists of J. E. McCullough, John W. Kern and W. L. Taylor. Mr. McCullough said yesterday that he did not know when the committee would be able to report the result of its labors to the Council, although it was hoped

that such a report might be sent in the latter part of the present year. 'Although the committee was originally appointed two years ago," said he, "it did not begin active work until a year ago. It has gone over all the ordinances of the city has found a number that conflict with each other. A large number of ordinances know what the chances of being annexed | will be rewritten and submitted to the Council for passage in this rewritten form. The work has been progressing rapidly of "What compensation will the committee ask for its services?" he was asked. "I really do not know. The committee

has not considered the matter of compensation yet. We have been compelled to employ a clerk," said he. "Will the committee's bill for individual services amount to as much as \$5,000?"
"I really do not know," he replied, "although I hardly think it will be that much."

THE GARBAGE CONTRACT.

City Attorney and Others Have a Talk About It. The city attorney and Dr. Henry Jameson, together with the attorney for the garbage contractors, held a conference yesterday about the contract. The garbage contractors either want the city to enforce the contract or to let them abandon business. The contractors were considerably damaged by the vacillating course of the Sullivan administration, and even now they are suffering from the pirates. It is probable the hotel men may enter into some agreement with the company, so that the agreement with the company, so that it can pursue its work without further loss.

Building Permits. Building permits were issued yesterday

Jesse C. Roach, two-story frame, Caldwell street, \$800. Susan McKermen, South Mississippi Richard Laygo, frame, Twentieth street Sarah M. Fulmer, Penrsylvania avenue and Brown street, \$1,000.

Loftus Slept on Duty.

Policeman Patrick Loftus received his conge from the Board of Safety yesterday for going to sleep on his beat. Dr. Earp. the police surgeon, stated that Loftus's physical condition was not of the best, and this was one of the reasons he was relieved of his star. It is said that Loftus has been in bad health.

Work on the New Sewer. Stakes will be set to-day for the new sewer out East Washington street. Work is to begin at two points, at Johnson avenue and at Pogue's run. Probably two hundred men will be given employment.

Mayor Denny Out of Town. Mayor Denny will be out of the city today to look after some legal business.

BOARD OF WORKS.

Mr. Wildman Is Chosen President-

Bell-Street Sewer. The Board of Works reorganized yesterday morning, electing Mr. Wildman president. Mr. Wildman and Mr. Kramer voted for each other, and Mr. Meyer settled the matter by voting for Mr. Wildman. The Board of Safety appeared before the Board of Works, and Colonel Ruckle suggested that the walk alongside of the Big Four freight depot on South Delaware street be defined. He said the walk had never been vacated, and that people could be prosecuted for driving over it. This is the walk the Sullivan administration gave the Big Four company. The Board of Works promised to investigate. There has been delay in ordering the Bell-street sewer, because the board is in doubt

as to the extent of the territory that can be assessed. Part of it is outside the city limits, although much of it was taken in by a recent annexation ordinance. Not one-tenth of the area to be drained is within the city limits. The city attorney was asked to define the district that can be assessed. Final action was taken on the improvement of the south bank of Fall creek by building a levee near Shriver avenue.

Board of Works Notes.

An electric light was ordered placed on Olive street, between Orange and Willow. The approaches to the Illinois-street bridge over Pogues run were ordered filled A petition for an electric light on Hend-ricks street, between Nebraska and Lincoln

The street commissioner will see whether or not East street, from St. Clair to Cherry, needs cleaning The foreman of street repairs was again ordered to put cross stones at Ninth street

and Talbot avenue. The city engineer reported that the plans had been changed to provide for a drain instead of a sewer in Lincoln lane. The board ordered a fire-plug that had

been moved from Fifth street to a point near Meridian, back to its original station. A declaratory resolution, vacating three feet off the west side of Illinois street, from Eighteenth to Twenty-second street, was

The complaint of O. O. Hogan that the new cement walks on Tacoma avenue are cracking at the alley intersections will be Keller Brothers were given the contract, at 16 cents a square foot, of laying cement

walks at the intersection of Alabama and Tenth streets. The final estimate on the improvement of the first alley west of Tacoma avenue, is \$329.40; on Brookside avenue, from Clifford to Orange, \$8,963.28.

west corner of Illinois and Twenty-fifth streets. Ordered investigated. E. W. Matthews complained that there was defective drainage on the Walnut-street asphalt, between Meridian and Illinois. The engineer will investigate. The engineer gave notice that the plans for the North Alabama-street sewer had

been changed so that the sewer will extend on Alabama street only to a point 150 feet south of Home avenue. To the city engineer was referred the petition of the Indianapolis Rubber Company and the Indiana Bicycle Company to construct a sewer eight inches in diameter, from their building to Pogue's run. The city engineer reported that the de-

is caused by the lack of proper grade to tions, the street commissioner was ordered to bowlder the gutters. The Big Four Railroad Company asked permission to construct a sewer at its own expense from its Dillon-street roundhouse, along Dillon and Cedar streets to the Fletcher-avenue sewer. The sewer is to be

was referred to the city engineer. New Corporations. Articles were filed, yesterday, by the Me-

ville, with a capital stock of \$20,000; also by the Torry Coal and Mining Company, of Geneva, with a capital stock of \$50 .-The directors of the last-named company are Walter S. Bogle, Thomas A. roughton, Norman S. Birkland, Charles J. Bodecker and Charles John D. McEwing. The Anderson Cathedral-glass Company has filed a certificate of increase of capital stock. The company has been doing business on a capital stock of \$27,000, which it has been found necessary to increase to

COMMERCIAL CLUB OPENING.

Final Arrangements Completed-The Reception Committee.

The reception committee in charge of the formal opening of the Commercial Club rooms to-night held a meeting at 4 o'clock yesterday afternoon. All arrangements looking to the perfection of detail were completed and the affair promises to be one of exceeding brilliance. The seventh and eighth floors will be devoted to the reception of guests, the formal exercises being held on the seventh floor in the assembly rooms of the elub. The reception will continue from 7:30 until 11 o'clock and will be attended by members of the club, their ladies, with out-of-town guests. The committee having exclusive charge of the event was selected as follows:

Thomas C. Day chairman, Edward Hawkins, D. P. Erwin, T. E. Griffith, A. E. Metzger, A. C. Ayres, S. E. Rauh, W. B. Burford, Albert Lieber, W. H. Eastman, C. E. Coffin, A. L. Mason, Nathan Morris, Justus C. Adams, Charles F. Robbins, Berg Applegate, L. S. Ayres, C. F. Baron, Horace T. Bennett, A. J. Beveridge, Frank H. Blackledge, Frank Bowers, J. L. Bowles, C. E. Brooks, Hiram Brown, A. E. Buchanan, James R. Carnahan, George N. Catterson, C. H. Cobb, C. E. Dark, John C. Dean, J. P. Dunn, jr., W. F. Elliott, George E. Field, John A. Firch, Jesse Fletcher, S. K. Fletcher, John P. Frenzel, Albert Gall, W. . C. Golt, Allan Hendricks, Jos. S. Jenckes, L. Ketcham, Myron D. King, Carl Lieber, Bement Lyman, J. B. Mansur, E. C. Miller Merrill Moores, A. F. Potts, P. B. Raymond Louis A. Share, George W. Sloan, A. 1 Snow, George R. Sullivan, Newton Todd, H. S. Tucker, J. R. Wilson, Medford B. Wilson, Clarence Wulsin. The committee will hold another meeting this afternoon to further prepare for its duties this evening. The members will meet at 4 o'clock. In reply to many inquiries the ittee announced yesterday that there will be no dancing on account of the small dimensions of the rooms, which will probably be crowded Arrangements have been made by which cloak rooms will be maintained on the second floor. Attendants will be present to check wraps. Carriages on arrival are ex-

face toward the north.

pected to face south and in departing will

Representatives of the New League Gather at the Grand.

No Session Held Yet on Account of Mr. Brush's Absence—Cities in the League.

There was a disappointed lot of big base

ball men in this city last night, and they are here to-day, and will meet at the Grand Hotel, at 10 o'clock to-day and form the Western League, with seven cities banded together to play ball for all there is in it, and according to Billy Harrington's ideas there will be something in it if the game is played right, and up to the scratch. If the league is formed to-day, as represented last night, it will contain Milwaukee, Kansas City, Toledo, Grand Rapids, Sioux City, Minneapolis and Indianapolis, seven cities about as full of baseball people as any others in the East or West. Sometime ago a preliminary meeting was held at Chicago, at which W. H. Beck, of Sloux City; John S. Barnes, of Minneapolis; James Manning of Kansas City; Dan Long, of Toledo; Jim Hart, of Chicago: Frank Bancroft, of Cin cinnati, and John T. Brush and Billy Harrington, of this city, were in attendance. At this meeting a committee of three, composed of James Manning, Chas. Cushman and John S. Barnes, was appointed to go to all the cities applying for admission and examine their financial conditions and fitness for league places. That committee was to have reported at a meeting which was not held yesterday at the Grand Hotel, owing to the absence of Mr. Brush, who was delayed in Cincinnati last night and did not get to this city until after 10 o'clock last night. The cities named, however, are those which have been determined on. Besides those representatives already mentioned there arrived yesterday Geo. E. Ellis, Grand Rapids: H. H. Drake and T. H. Boyer, Sioux City; John S. Barnes, Minneapolis, who holds the proxy of Vanderbank, of Detroit; Wm. Killiala, of Mil-waukee, and Dan Long, of Toledo. The ities refused entrance to the league are Denver, Omaha, St. Joseph and St. Paul. Frank R. Rhimes, of Chicago, is a candidate for president, secretary and treasurer, He has had experience in ball and athletic sports for the last eight years, during which time he has acted as president and secretary of the Chicago City League, as well as two or three athletic clubs. However, B. B. Johnson, of the Cincinnati Commercial, who arrived last night, has six votes pledged, and will be elected. He is thoroughly fitted for the position. The strength of the league can be estimated by the records of the clubs which are banding together. The Milwaukee team has been in the Western and Northwestern

associations for five years, was one year in the American Association and one in the National League. The Kansas City team is a strong one, and has done five years of League service. The Toledos were in the American association one year and were one year with the Tri-state League. The Grand Rapids nine was in the Northwestern League three years and two years with the Michigan State League, while the Sioux City nine was in the Western League four consecutive years, always lived up to their obligations and paid all their salaries. The Minneapolis boys have had active ball for the last eight years. The home club has had hard luck and brought upon themselves the debilitating "rain maker" title from which they have never fully recovered, but by "rubbing up against" such associates as are in the combine may yet entertain the baseball people of this city in a manner that may atone for past offenses. The meeting this morning at the Grand will put upon a sound basis the great North American game, where it has so long suffered at the hands and feet of the football players. No pipes have been laid as to the place of establishing headquarters. It was learned later how Mr Brush came to be delayed in getting to this city. He would have arrived at Cincinnati yesterday morning, but got off the train on Sunday night at Cumberland, Md to eat a square meal, leaving his overcoat and baggage on the train. Mr. Brush, seems, got so interested in a company of fried oysters he forgot he was traveling and did not get them all downed by the time the train had pulled out and was miles away. Mr. Brush was forced to look at railroad chromos for about tweive hours, and consequently did not arrive in this city until 10 o'clock last night. Dave Rowe, of the Omaha team, will arrive to-night and make a struggle to get his team in the band wagon. Since it has become known that Rowe is within distance of the city there has been talk of shutting out Sioux City and letting Omaha

CASPER BUDWIETSKY SUICIDES.

A Rag Dealer, Despondent Over Losses, Takes Rough on Rats.

Coroner Beck was yesterday called upon to view the remains of Casper Budweitsky, a rag dealer residing at No. 445 South Tennessee street. Budwietsky took a dose of "Rough on Rats" Sunday night, and died at 6 o'clock yesterday morning. He had been losing considerable money in his business lately, which is thought to have prompted the deed. The dead man was forty-two years old and a native of Russia. He was married and the father of three fective drainage at Eighth and Broadway | grown children.

Lectured at Butler.

Have removed their law offices to Rooms

The regular chapel lecture at Butler University was delivered yesterday morning by Mrs. May Wright Sewall. Her subject was "The Relation of Patriotism to Culture." Mrs. Sewall's guest, Madame Hauni K. Koranni, of Beirut, Syria, was also present, and continued the discussion on the same subject in a charming manner. Holtzman & Leathers

CLARENCE IS SMOOTH

Johnson's Alleged Confession of the Murder of Young.

Richard George, Who Was His Employer at That Time, Tears Some Bad Holes in It.

Clarence Johnson, who has "confessed" to the murder of John Young for a purpose of his own, forgot one very important thing in making his confession, and that was that Richard J. George, proprietor of George's. Hotel, at the corner of New Jersey and Washington streets, might, perhaps, remember that at the time he confesses to having killed Young he was in the employ of George. Mr. George was seen at his hotel last night, and asked what he knew about Johnson and his alleged confession. He said, "To begin with, I do not believe that Johnson killed Young at all." He then gave his reasons for disbelieving the statements contained in the confession, some of which he knew to be false. He said that about the middle of March Johnson came into the restaurant, which he (George) was then conducting at No. 111 East Washington street, and asked for employment. George was very much in need of a waiter at the time, and employed him without inquiring very closely as to his antecedents. Johnson remained at work in the restaurant till about July 1, when he was discharged for theft. John Young was killed on the afternoon of April 17, while Johnson was employed by George, The latter says that, while he could not state positively that Johnson was at work on that day, he does not remember of his having been away from his work any day, and he would probably remember it if he was. He said he could say positively that Johnson never displayed any unusual feeling or exhibited any nervousness, which a man who knew he was a murderer would be likely to display. In his confession Johnson says that he

had been drinking heavily all day on April 17, and after the murder went to the rooms ngton street, and the next day went to Cincinnati, where he remained for a week and upon his return learned that a man had been killed on West Washington street which was the first intimation he had that Young was dead. This part of the confession. Mr. George says, he knows to be false as Johnson was not away from the city a week during any time of the period while he was employed at the restaurant. Mr. George also says that Johnson was eparated from his wife during the time he was so employed. After his discharge from the restaurant, about July 1, Mr. George says he does not know what became of Johnson for a few weeks, when he was again employed as waiter at the restaurant and worked till the middle of August, when he was discharged a second time under suspicion of theft. Mr. George left the restaurant, leaving one dollar in change in the cash drawer; upon his return this money was gone, and Johnson said it had been stolen by a negro. Mr. George doubt-ed the truthfulness of the statement and discharged Johnson a second time.
